Parent Council Candidate Nomination-Dr. Ambreen Sayani

I believe as parents we are all deeply vested in the future of our school, neighborhood and community so that our children can have a safe and nurturing environment in which to grow and thrive. Professionally, I am a Surgeon, and at present I am doing a PhD in Health Policy. I also teach undergraduate students at York University. My most important role however, is as a Mother and Mentor to my children. I am a strong proponent of speaking to children and engaging them in meaningful conversations. As a member of the parent council my focus would be to bring together the different perspectives of parents and educators, and build a collaborative understanding of how to enrich our learning environment.

Parent Council Candidate Nomination-Maha Shebbani

I strongly believe that the role of parents is very important in the school council. It is essential that the school and parents work together as one team towards the benefit of our kids. This is the main reason for my interest in being a member of the council team.

I believe in civil engagement, particularly community engagement. I have developed teaching children with cultural sensitivity as a result from my involvement with the community for over 2 decades in Canada. At the same time, my professional experience in money management holds accountability and goals intact for organizational benefit with all stakeholders involved.

Also, I would like to look for opportunities to engage the community in school activities. Last year as a parent rep was exciting and fulfilling.
