

PEEL DISTRICT SCHOOL BOARD
February 9, 2018
Professional Activity Day Agenda

Peel District School Board elementary and secondary school principals, in consultation with their staff as part of the school success planning process, will decide how best to structure their school's professional learning on February 9, 2018.

In compliance with Ministry of Education and Peel District School Board goals, schools will focus their professional learning on:

- One or more of the four provincial education priorities: achieving excellence (including developing and implementing strategies to improve student achievement in mathematics), ensuring equity, promoting well-being (including occupational health and safety training) and ensuring public confidence.
