

# Cawthra Grad Video 18/19

The photography and video editors of Cawthra Park's yearbook invites all potential graduates to prepare video clips to be included in the Graduate Video. It is our hope that the video will be representative of the entire graduating class. Please read the outline below and sign up for a spot.

Presented to you by McKenzie Somppi, Renée Smith, and Victor K. Tse

## Guidelines

1. Select **one (1)** question from the list below. Ensure you are available for the date assigned to the question you have picked. **If you miss your video date, we regret that we cannot reschedule.** If notified a week or more in advance, we MAY be able to accommodate you on a different date.
2. Answers should not exceed a minute in length. If longer, we may have to edit it.
3. Questions can be answered either individually or in groups; groups should be no bigger than 4 people.
4. Make your answer original! You have time to plan your answer so please do so. The more interesting/entertaining the clip, the more likely it will be included in the video.
5. Any clips that violate the Cawthra Code of Conduct will be removed in its entirety.
6. Due to time restraints, we cannot ensure that every clip will be put into the final cut. To increase your chances of being chosen, follow the guidelines and do not miss your date.
7. Questions will be filmed every other Monday at the beginning of lunch in the Mac Lab (Room 105). There may be several groups that need to be filmed on the same day so we must film in order of who arrives first.

8. Reserve your question/date by emailing your first and second question choice to [cawthragradvideo@gmail.com](mailto:cawthragradvideo@gmail.com) . Make the subject line your **first and last name**. Please include a mobile number that we can contact you with. The sooner you reply, the more likely you will get your first question choice.
9. All applications MUST be emailed by October 5th, 2018.

## Questions

- What are you most looking forward to in senior year? **October 1, 2018**
