

**PARENT CONSENT FORM
SCHOOL ELECTRONIC COMMUNICATION**

This form is for Peel families who have not provided their consent (in writing) to receive electronic communication from their child(ren)'s school. If you have already provided your consent, you do not have to do so again as your consent is effective for the duration of your child's education with the Peel District School Board. If you are unsure if you have provided consent, please contact your school.

Dear Families:

Canada's anti-spam law, which came into effect on July 1, 2014, requires the Peel District School Board and its schools to have consent from families to send any electronic communication that contains commercial information.

While the majority of **David Suzuki Secondary School** electronic communication to families is about school and/or Peel board initiatives and activities, we may also include commercial information, such as details about fundraisers, field trips, the sale of yearbooks, student pictures, book sales, event tickets, special offers for Peel students and families, or similar events and offers.

Although we may have previously collected your email address, in order to be compliant with the new law, we must receive your consent (in writing) to send electronic communication from our school to you.

If you wish to receive information, including school newsletters, from our school via email or other electronic communication, please provide your consent by filling out and submitting the online form available at <http://subscribe.peelschools.org>

You may also choose to provide your consent by filling in the information required below and returning this form to your child's teacher. If you do not provide your consent, you will not receive any electronic communication from David Suzuki Secondary School.

You may withdraw your consent and unsubscribe from our communications at any time by clicking the unsubscribe link in any future email. If you have any questions or concerns, please contact the school at 905-457-7941

***Please note this consent request is separate from our school website's subscription service. Even if you have already provided consent to receive emails from our school website, you must still complete and submit this form in order to receive information updates from the school via other electronic means.*
