Dear Parent / Guardian,

Throughout this school year, students will have many opportunities to leave the immediate school property to participate in curriculum related activities under the direct supervision of their classroom teacher. These activities may include bio diversity studies, tree planting, environmental fall harvest days, GPS activities, and special events such as the Terry Fox Walk / Run. In all cases, students will be accompanied by their teacher when participating in these off-site activities. For all activities requiring bus transportation, a separate field trip permission form will be sent home.

If you **do not wish** to have your son/daughter participate in occasional off site activities in the community during their regularly scheduled class time while under the supervision of a teacher, please sign the section found below. Alternative assignment arrangements will be made which then permits your child to stay on school property under the supervision of another Suzuki teacher. Once the form has been signed, please have your son / daughter return the form to the main office by **Friday, September 21, 2018**.

Sincerely,

Tamer Kamel

I **do not give** permission for my son / daughter to participate in any off site school activity in the community during their regularly scheduled class time under the supervision of their teacher. I understand that my son/daughter will be permitted to complete an alternative assignment while remaining on the school property.
