

For Parents – AP Readiness

We would ask that all parents consider the commitment that is required for the AP program and to discuss this commitment with their son/daughter prior to applying.

The Advanced Placement Program requires a commitment to academic studies beyond that of the regular Ontario curriculum. In order to prevent any disappointment or misunderstanding, parents are respectfully requested to consider all aspects of the commitment when deciding whether or not to support their child's application. It is especially important for parents and students to understand that senior (grade 11 and 12) Advanced Placement courses are equivalent to first year university courses, therefore requiring students to be prepared to study material that may be more difficult than regular course work. In our Pre-AP program (Grades 9 and 10), students will be exposed to material beyond their current Grade level. Course pacing will be more demanding and require a high level of student commitment.
