# Reflection Focus

During the last several years there have been tremendous changes in the Canadian workplace. Economists and futurists predict there are many more changes to come. Some of these changes are positive and others may be seen as negative.

What are the changes that have occurred at your placement over the past few years?

How could these changes affect future careers in this field?

Discuss this topic with your supervisor and/or co-workers.

Discuss any other feelings or issues you have!

**Expectations:** W2 Demonstrate an understanding of labour market trends and of the nature of the workplace in the future  
W3 Demonstrate an understanding of the changing role of men and women at work
