

Meadowvale Post Secondary Fair

October 13, 2017

Dear Parents & Guardians of Grade 9 & 10 Students:

On Tuesday October 17 Meadowvale Secondary School will be hosting its annual Post Secondary (College/University) Information Fair. We are very pleased that Streetsville Secondary School, West Credit Secondary School and Mississauga Secondary School will be joining us. This event will provide information to over 1000 senior level students about post secondary options. The formal presentations will take place from 9:30am – 12:05pm. To accommodate the event there will be **no formal classes in the morning for grades 9 and 10 students on October 17th.**

Although this event is primarily for Grade 11 and 12 students, **any grade 9 or 10 students who would like to learn more about post secondary education are more than welcome to attend this worthwhile event so they can make informed choices in their grade 11 course selections.** Parents are more than welcome to participate in this exciting educational opportunity. Please ensure that you arrive at the school by 9:20 am to receive a schedule of events.

Junior students (grades 9 & 10) are expected to be present in school for tutorial session in the afternoon running from 12:45 p.m. to 2:45 p.m. on this day.

We encourage grade 9 and 10 students to use this day to seek assistance, complete and submit outstanding assignments and review/prepare material being covered in class.

We look forward to providing our senior students, and grade 9 and 10 participants, with a valuable educational experience.

Sincerely,
The Guidance Department
