

Guitar, Grade 9 – Open
AMG 100

This beginner course is open to any student interested in learning to play the guitar. This course emphasizes the performance of guitar for students with no previous experience. Students will learn basic guitar technique; fingerstyle, open/bar chords, and will study a variety of guitar styles (rock, pop, blues) and music notation/theory. Throughout the semester, students will rehearse and prepare for a concert performance which will display what they have learned. Students are responsible for providing their own nylon or steel string acoustic guitar.

Prerequisite: None
