

## **Hospitality and Tourism, Grade 10 – Open TFJ 200**

In this application of skills based course students in our grade 10 program will demonstrate collaboration, leadership and workplace skills while preparing a variety of foods, sauces, soups and baked goods for the lunch program and school cafeteria.

They will be immersed in all aspects of the hospitality industry and scaffold their learning from grade 9 while learning about;

- kitchen equipment recognition and safety
- advanced knife safety and cutting techniques
- understanding of measurement , methods and recipe conversions
- demonstration of different cooking methods and terminology
- intermediate food service health and safety compliance
- reading and following standardized recipes accurately
- regional and local tourism attractions and destinations
- nutrition, food recognition and reading food labels
- careers in the hospitality and tourism sector

**Prerequisite:** None
