

Core French, Grade 9 – Applied
FSF 1P0

In this French course, students will continue to develop the listening, reading, writing and speaking skills they learned during their formative years in French. They will demonstrate the knowledge and skills they learn about everyday situations by doing a variety of tasks such as dialogues, presentations, reading and short writing activities. They will also learn about many French speaking communities in Canada and around the world, gaining a deeper understanding of the importance of a second language as part of a well-rounded education.

Prerequisite: 600 hours of French instruction
