

Core French , Grade 10 –Academic

FSF 2D0

Students will engage in multiple communicative activities, with emphasis on spontaneous and natural oral communication. Students will have daily opportunities to reinforce their listening, reading, writing skills, as well as to develop their proficiency with francophone culture in Canada and around the world. The themes covered are relevant and allow students to interact in everyday life situations. We explore the themes of youth culture, travel, childhood memories, the Arts, and theatre. At the end of their Grade 10 year, students will be able to speak and write freely and to share their personal attitudes and opinions on a variety of topics. The entire focus of the course will be to get students to express themselves in an active and creative way in another language in a non-threatening environment. Learning French is fun!
