

Mathematics of Data Management, Grade 12 – University Preparation

MDM 4U0

- In this course, students learn about: Counting and Probability, Probability Distributions, and Organization of Data for Analysis
- We do broaden students' understanding of mathematics as it relates to managing data. Students are expected to carry out a culminating project that is worth 10% of their final mark
- Students planning to pursue university programs in business, the social sciences, or the humanities will find this course of particular interest

Prerequisite: Functions, Grade 11, University Preparation (MCR 3U0) **OR**
Functions and Applications, Grade 11, University/College Preparation - suggest
at least 70% (MCF 3M0)
