

**Mathematics for Work and Everyday Life, Grade 11 – Workplace Preparation
MEL 3E0**

In this course, students learn about earning and purchasing; saving, investing, and borrowing; transportation and travelling costs

- We do enhance your understanding of mathematics as it is applied in the workplace and daily life. You will solve problems associated with earning money, paying taxes, and making purchases; apply calculations of simple and compound interest in saving, investing, and borrowing; and calculate the costs of transportation and travel in a variety of situations

Prerequisite: Any grade 9 (MFM 1P0, MPM 1D0) **OR** grade 10 (MAT 2L0, MFM 2P0, MPM 2D0) math credit
