

## **Foundations of Mathematics, Grade 9 – Applied**

### **MFM 1P0**

- In this course, students learn about Number Sense, Linear Relationships, Measurement and Geometry
- We do help you develop an understanding of mathematical concepts related to introductory algebra, proportional reasoning, and measurement and geometry through investigation, the effective use of technology, and hands-on activities
- With this course, you can go onto grade 10 academic math (MPM 2D0) **OR** grade 10 applied math (MFM 2P0)
- Applied courses have more emphasis on practical activities with less emphasis on theory. With applied courses, you typically take college level courses in grade 11

**Prerequisite:** None
