

**Technological Design, Grade 10 – Open
TDJ 200**

Technological design courses provide students with a variety of learning experiences that focus on the practical application of the principles of engineering, architecture, and design.

Students will research projects, create designs, build models and/or prototypes, and assess products and/or processes using appropriate tools, techniques, and strategies.

Student projects may include;

- REVIT bungalow house design
- INVENTOR computer mouse design
- AutoCAD cardboard challenge

Pre requisite: None
