

LITERACY & NUMERACY DEVELOPMENT FOR POSTSECONDARY PATHWAYS TO EMPLOYMENT, APPRENTICESHIP OR COLLEGE

Year Five Program

September 2016

The year five program is a new pathway available to returning students who have completed their Ontario Secondary School Diploma (OSSD). This program is for students who are looking to further develop their literacy and/or numeracy skills to prepare for employment, apprenticeship or college. Students will take a combination of required courses and optional courses to support their chosen pathway. A potential timetable for students returning for the fifth year program may look as follows:

Semester One	Semester Two
Math Grade 9 Applied	Math Grade 10 Applied
Learning Strategies	Learning Strategies
English Grade 11 College	English Grade 12 College
Elective	Elective

If you are interested in enrolling your son or daughter in the fifth year program, please speak with his/her guidance counsellor.

Sincerely,

Guidance Team
